WELCOME

TO THE MALVERN CARAVAN & MOTORHOME SHOW

SUNSHINE MADE A regular appearance throughout the summer, and now I'm delighted to welcome you to Malvern for our Autumn Break as we round off a super 2025.

If you're thinking of a buying a new 'van, we've got an impressive selection of both new and used motorhomes and caravans. Our dealers have a wealth of knowledge, talk to them about what you're looking for, they may hold the keys to your next adventure.

I'd like to thank our wonderful accessory retailers for continuing to support us with a superb range of gadgets, gifts and essentials items for outdoor leisure. Please do make the most of the opportunity to stock up on anything you need before your winter trips.

For those of you staying on site, the full evening entertainment lineup can be found on p4-5, there are still tickets remaining for Saturday night – available from the

information office.

Friday sees us host our annual Macmillan Coffee morning from 10am-12 noon in the Linden Suite, delicious cakes await you! Meanwhile, in the afternoon, please join me in the Severn Hall for a game of light hearted bingo at 2pm. Regulars to this event will know we have a popular dog show on Sunday afternoon, kindly sponsored by Your Dog magazine, see p10 for more details.

As winter approaches, we'll be busy back at Warners HQ preparing for 2026 – bookings for next year open on Saturday 1st November. Make sure you're signed upto our e-newsletter so we can pop you a reminder.

For now, I thank everyone working on site this weekend, and I hope you have a wonderful visit.

Part of the Out and About Live family**

With this being our largest caravan show, I thought it opportune to mention our new free online Towmatch service. If you're thinking about your next caravan and not sure what your car can tow, then give Towmatch a go. Pop in your car's registration number or enter your car's make and model and then add your towing experience and Towmatch will reveal what caravans are a safe match for you and your car. No heavy maths, no trawling spec sheets – just clear results you can trust.

Towmatch checks the key weights and limits behind the scenes, so you can quickly shortlist the right caravans for you and plan with peace of mind. So, when you're wandering around the dozens of caravans for sale at the show, use Towmatch first and focus only on the tourers that suit your car.

Best of all, Towmatch is free on www.outandaboutlive.co.uk so, whether you're upgrading, downsizing, or buying your first caravan, Towmatch gives you a head start as it will save time, reduce guesswork and help keep your outfit safe and legal.

YOUR GUIDE TO BUYING A CARAVAN

Expert advice and essential tips for choosing your first (or next!) leisure vehicle — and why a show is the best place to buy.

THINKING OF BUYING a caravan? The Malvern Caravan & Motorhome Show is the perfect place to start your journey.

Here's everything you need to know to choose the right tourer for your lifestyle — and a handy checklist to take with you on the day.

TYPES & LAYOUTS TO LOOK OUT FOR

When walking around the show, take time to explore different caravan layouts so you can find the one that suits you best. Seeing them side-by-side is invaluable.

✓ **Two-berth** – Compact, lighter, easier to tow; often convertible or parallel seating — ideal for couples or solo travellers.

✓ **Four-berth** – Flexible layouts, with fixed beds or convertible lounges — perfect for small families or longer trips.

✓ **Six-berth / Bunk beds** – Extra sleeping capacity with more weight — great for larger families or groups.

✓ **Island / French / Transverse beds** – Different fixed bed options with varying access and washroom layouts — choose for comfort preferences.

✓ **Twin beds** – Often with a rear washroom, popular with couples or teens wanting separate beds.

✓ **Side-diner bunks** – Dinette converts into bunks with a curtain partition — brilliant for families with young children.

✓ **Two lounges** – Front and rear seating areas convert into beds — ideal for families wanting flexible day/night use.

TOP TIP: *If you're tall, take a tape measure. Brochure bed lengths don't always match the usable mattress size, so check in person that beds are long enough.*

KEY THINGS TO CHECK WHILE YOU'RE HERE

Bring a notebook or take photos as you explore to help you compare later. Consider:

✓ **Berths & sleeping spaces** – Enough beds for everyone and easy to make up?

✓ **Layout & storage** – Space for clothes, bikes or pets? Easy to move around inside?

✓ **Kitchen & washroom** – Practical for the way you like to tour?

✓ **Heating & insulation** – Will it keep you comfortable in all seasons?

✓ **Weight & towing** – Is it within your car's towing limit and your licence category?

✓ **Rooflights & windows** – Do they open and close smoothly and stay watertight?

✓ **Chassis & A-frame** – Free of rust or corrosion?

✓ **Water & heating systems** – Ask for a demonstration to check pressure and warmth.

✓ **New or pre-owned?**

At the show you'll find both, giving you the widest possible choice.

New caravans

- ✓ Latest designs and technology
- ✓ Custom specifications
- ✓ Full manufacturer's warranty

Pre-owned caravans

- ✓ Excellent value and wider choice of layouts
- ✓ Proven reliability and often well-equipped

EXPLORE, TEST AND TAKE NOTES

A caravan is a significant investment — possibly second only to your home — so give yourself time to really get to know each model on your shortlist.

- ✓ Take photos and notes to remember layouts and features
- ✓ Sit inside to gauge how the lounge and dining areas feel
- ✓ Lie on the beds to check comfort and ease of making them up
- ✓ Step into the washroom to test shower and toilet practicality
- ✓ Open cupboards and lockers to assess storage and hinge quality
- ✓ Check the floor by gently pressing to ensure it feels solid
- ✓ Evaluate light and ventilation — open rooflights and windows
- ✓ Ask about towing weights, heating, warranties and servicing

Can my car tow a caravan?

Matching your car and caravan is essential for safe, legal and stress-free touring.

Before you fall in love with a layout, make sure your car is up to the job.

- ✓ **Use our free Towmatch tool** to check compatibility. Simply enter your car and caravan details to see whether the combination works, including key figures like Maximum Technically Permissible Laden Mass (MTPLM) and noseweight.

Turn to **p20** to find out more about our free Towmatch tool or visit... www.outandaboutlive.co.uk/caravans/towmatch

BUYING CHECKLIST

Use this quick list to help guide your decision:

- 1. Is the layout right for how you travel?
- 2. Are the beds comfortable and easy to make up?
- 3. Is there enough storage for everything you'll bring?
- 4. Does it fit within your towing and licence limits?
- 5. Is the kitchen and washroom set-up practical?
- 6. What warranty and servicing support are included?
- 7. Are there exclusive show offers or upgrades available?
- 8. Have you compared similar models side-by-side?
- 9. Have you checked for signs of damp or leaks around windows, doors and floor edges?
- 10. Are the tyres in good condition and the chassis and A-frame free from corrosion?
- 11. Do all appliances, lighting, heating and water systems work as expected?
- 12. Is the CRIS registration and all documentation complete and correct?
- 13. Does the payload give enough safe carrying capacity for water, gas and accessories?
- 14. Is the insulation and heating adequate for the seasons you plan to tour in?
- 15. Have you confirmed delivery times, after-sales support and what's included in the handover?
- 16. Are the windows, doors and rooflights easy to open, close and lock securely?
- 17. Is the awning rail intact and free of damage so accessories will fit properly?
- 18. Are corner steadies and the jockey wheel smooth to operate and free of corrosion?
- 19. Is the hitch, handbrake and coupling mechanism working correctly and well maintained?
- 20. Does the overall style, finish and comfort match the way you want to use the caravan for years to come?

✓ **Gross Train Weight (GTW):** Found on your car's weight plate. Subtract your car's Maximum Authorised Mass (MAM) from GTW to find its maximum towing capacity.

✓ **Noseweight:** The downward force on the towbar should be around 5–7 % of your caravan's MTPLM. Use a gauge or scales to check and adjust loading to stay within safe limits.

✓ **Top tip for first-time caravanners:** aim to keep the caravan's MTPLM under 85 % of your car's kerbweight for the most stable towing experience.

Dealers at the Malvern Caravan & Motorhome Show can help with these figures, so you can cross-check straight

away and make sure your dream tourer is a safe, sensible match for your current vehicle.

Warners Shows hey. We are sited next to a shower/toilet block. Yes. Last night it ran out of paper. But. Hey ho what does one expect with so many people. However, the blocks are spotlessly clean and the showers are amazing the water is warm they have hanging points and seats. I couldn't be more impressed. Thank you warners.

YOUR GUIDE TO BUYING A MOTORHOME OR CAMPERVAN AT A SHOW

Expert advice and essential tips for choosing your first (or next!) leisure vehicle — and why a motorhome show is the best place to buy.

DISCOVER THE Right 'Van for You Whether you're new to motorhomes or ready to upgrade, buying the right vehicle is key to unlocking years of travel and freedom. With so many makes, models and layouts, where do you start? Simple — right where you are, at a motorhome show. Organised by the experienced Out & About Live team, with over 55 years of industry knowledge behind them, these shows bring together a huge range of options, all in one place, making it easier than ever to compare, learn, and make the right decision.

WHY BUY AT A SHOW?

See it, touch it, compare it. You're already in the best place to start your motorhome journey. Nothing compares to stepping inside a vehicle to see if it feels right. While you're here at the show:

- ✓ Walk through hundreds of vehicles
- ✓ Compare layouts side-by-side
- ✓ Test bed access, check storage, and get a real feel for the space

Talk to the experts, take advantage of having manufacturers, dealers and

magazine editors all in one place. From base vehicles to bed layouts, these experts are here to answer your questions in person.

Take advantage of show deals, many exhibitors are offering exclusive show-only discounts, finance incentives or bonus extras this weekend. If you're ready to buy, you could make a serious saving.

WHAT TO LOOK FOR

How will you use it? Consider where you'll go, who you'll travel with, and how long you'll stay. Will you:

- ✓ Wild camp off-grid?
 - ✓ Take extended tours across Europe?
 - ✓ Need space for children or pets?
- Your answers shape what type of motorhome you need — a compact campervan, a family-sized coachbuilt, or a luxury A-class.

Key Considerations:

- ✓ Berths & seatbelts: enough sleeping space and safe travel seats?
- ✓ Layout: fixed bed or lounge conversion? Rear washroom or garage?
- ✓ Base vehicle: try different options for driving comfort and reliability

- ✓ Storage: will it fit everything you want to bring?
- ✓ Kitchen & washroom: are they practical for your style of travel?

NEW OR USED?

New

- ✓ Latest tech and comforts
- ✓ Custom specs
- ✓ Full warranty

Used

- ✓ Better value upfront
- ✓ Proven reliability (with a good service history)
- ✓ Wider choice of older layouts

At a show, you'll find both options under one roof, giving you a clearer picture of what your budget can really get.

TALK, TEST AND TAKE NOTES

A motorhome is a big investment — possibly second only to your home. So, take your time:

- ✓ Take photos and use them to confirm your shortlist while you're here at the show
- ✓ Sit in the driver's seat — how does it feel?
- ✓ Lie on the bed, test the shower, check the storage
- ✓ Chat to owners on the campsite.

FINAL THOUGHTS

Buying a motorhome is exciting, but it can also be overwhelming. The best way to make a confident decision is to experience everything a show has to offer — in one weekend, at one venue. Take your time, do your research, and use our checklist to help guide your journey.

BUYING CHECKLIST

20 THINGS TO ASK OR CHECK AT THE SHOW

1. Is the layout right for your lifestyle?
2. Can you comfortably drive it?
3. Are the beds long enough and easy to access?
4. Is there enough storage for your needs?
5. How many belted seats does it have?
6. What payload does it offer?
7. Can you use it off-grid?
8. Does the kitchen meet your cooking habits?
9. Is there a separate shower and toilet?
10. How easy is it to make up the bed?
11. Can you stand and move around easily?
12. Are there any special show offers?
13. What warranty is included?
14. What servicing and dealer support is available?
15. What fuel economy can you expect?
16. What are the insurance implications?
17. Is it within your driving licence limit?
18. Is the water/waste system practical?
19. Can you add accessories later (solar, awning etc)?
20. Have you compared similar models?

ARE MOTORHOME WARRANTIES WORTH IT?

Buying a motorhome is a big investment — and one that deserves proper protection. But when it comes to extended motorhome warranties, opinions can vary. Are they a worthwhile safety net or just another cost? Find out with our Expert Advice from Motorhome Matt and Best4Warranty

AT THE heart of most Warners motorhome and campervan shows is the Advice Centre — a space dedicated to helping visitors make informed decisions through free, expert-led talks. It's all part of our mission to inform, entertain, and inspire. From practical van buying tips to off-grid travel hacks, the Advice Centre gives you the chance to hear directly from YouTubers, bloggers, podcasters and industry insiders.

Here Motorhome Matt and representatives from Autoguard Warranties and Best4 Warranty tackle one of the most frequently asked questions in the motorhome world: Are motorhome warranties worth it?

WHAT IS A MOTORHOME WARRANTY?

A motorhome warranty is a protection plan designed to cover the cost of certain mechanical or electrical failures after your manufacturer's warranty has expired. In simple terms, it can save you hundreds — or even thousands — if something goes wrong.

Whether you've bought a new or used motorhome, having a warranty in place can offer financial peace of mind, especially if you plan to travel frequently or tour across the UK and Europe.

WHO ARE AUTOGUARD AND BEST4WARRANTY?

Autoguard Warranties

Autoguard Warranties is one of the UK's leading providers of vehicle warranties, working directly with dealerships to offer cover as part of the purchase

process. They specialise in business-to-business (B2B) partnerships and have earned a strong reputation across the automotive and leisure sectors.

Best4 Warranty

Best4Warranty, meanwhile, is Autoguard's consumer-facing brand — and the name many motorhome and campervan owners will be more familiar with. Best4 allows buyers to purchase a warranty independently, even after they've already bought their vehicle.

WHAT DOES A MOTORHOME WARRANTY TYPICALLY COVER?

One of the biggest misconceptions about motorhome warranties is that they only cover the engine or mechanical faults. In reality, a comprehensive plan — like those from Best4Warranty — often extends into the habitation area, too.

That means your warranty could cover:

- Engine, gearbox, and drivetrain components
- Electrical systems and sensors
- Water pumps and boilers
- Fridge/freezer and hob
- Control panels, circuit boards (PCBs)

In short, both the driving and living areas of your motorhome are usually protected, depending on the level of cover you choose.

WHAT ARE THE COMMON REASONS CLAIMS GET DENIED?

No one wants to hear the dreaded words: Your claim has been declined. So, what are the most common pitfalls?

According to the Best4Warranty team, there are three main reasons:

- **Missed servicing:** If you skip a scheduled engine or habitation service, it could invalidate your warranty.
- **Undeclared modifications:** Changes to your motorhome that aren't reported can lead to disputes.
- **Not following claims procedures:** You must contact the warranty provider before authorising repairs.

IS A MOTORHOME WARRANTY WORTH IT?

This is the million-pound question — or more likely, the £1,000+ question — and the honest answer is: it depends on your risk appetite.

Here are a few key considerations:

- **Used vehicles:** If your 'van is out of manufacturer warranty (usually after

"THINK OF YOUR 'VAN LIKE A HOUSE ON WHEELS. YOU'VE GOT THE ENGINE, GEARBOX AND RUNNING GEAR AT THE FRONT, BUT THEN IN THE BACK YOU'VE GOT A FRIDGE, COOKER, WATER SYSTEM, AND MORE. THAT'S A LOT OF MOVING PARTS — AND A LOT THAT COULD GO WRONG." MOTORHOME MATT

three years), an extended warranty can protect you from costly repairs.

- **Touring plans:** If you're planning long-distance travel across Europe, a warranty with roadside assistance and international cover adds security.
- **Peace of mind:** For many, it's not just about money — it's about reducing stress when something goes wrong. You might pay a few hundred pounds for a warranty, and never use it. Or it could save you thousands. What you're really buying is confidence that you won't be left stranded or out of pocket.

CHOOSING THE RIGHT WARRANTY: WHAT TO LOOK OUT FOR

Not all motorhome warranties are created equal. **Here are a few things to check before you buy:**

- **What's covered (and what's not)?** Always read the policy booklet thoroughly.
- **Is habitation included?** Some warranties exclude living area components — Best4Warranty includes them as standard on many policies.
- **Claim limits:** Are there limits per claim or per year?
- **Labour rates:** Will the warranty cover your local workshop's hourly rate?
- **Servicing requirements:** Be clear on what's needed to stay covered.

Best4Warranty is known for transparency — they publish full policy documents online, so you know exactly what you're getting before you commit.

Real-World Scenarios: When a Warranty Pays Off

Still unsure whether a motorhome warranty is worth the money? The team from Best4Warranty shared several real-life examples that highlight just how valuable a warranty can be when things go wrong.

Allan, part of the experienced claims team, explained that many of the calls they receive are from customers who are away from home — often in remote parts of the UK or even abroad — and need immediate support. "You're on holiday. You don't want to be worrying about who to call, whether they'll cover it, or how much it's going to cost," he said. "That's when the value of a good warranty really becomes clear."

Here are just a few scenarios:

- **PCB failure in a control panel:** A common issue that causes loss of power to key systems in the habitation area. "One customer lost lights and heating on day two of a two-week trip. We got the claim sorted within 48 hours," Allan noted. "It was a few hundred quid they didn't have to worry about."
- **Water heater breakdown:** Particularly disruptive in colder weather, this was another common claim. "You can't shower or do dishes, and suddenly your holiday feels a lot less comfortable," Callum added. Repairs for something like that can easily cost £500+.
- **Sensor issues:** Modern motorhomes rely heavily on sensors — from

emissions controls to gearbox management. "A faulty sensor recently triggered limp mode while a customer was towing. It would've been a nightmare without cover," said Allan.

• **Fridge failure while abroad:** Another real-world example involved a fridge cutting out during a trip to Spain. "It's not just an inconvenience — it can ruin your food and your plans. We covered the parts, labour and callout cost," said Callum.

The panel was clear: if you're travelling regularly, especially in older vehicles or outside manufacturer warranty, the likelihood of something going wrong increases. That's when a policy that covers both mechanical and habitation faults becomes not just helpful, but essential.

FINAL THOUGHTS FROM MOTORHOMER MATT

Warranties aren't a guarantee you'll never have a problem — but they are a safety net. If something breaks, it's great knowing someone's in your corner.

So if you're considering whether a motorhome warranty is worth it, the answer may depend on your budget, your travel plans, and your willingness to handle unexpected repair costs. But for many, it's one less thing to worry about — and a lot more freedom on the open road.
